

Award Generator

Overview

The Award Generator app streamlines the process of crafting personalized award citations by leveraging advanced language models. Users can easily select their preferred LLM, choose from various award types, and input candidate details—all within a user-friendly interface. By automating citation generation, the app ensures consistency, saves time, and enhances the quality of recognition across organizations.

Steps

1. Navigate to the app library section and search for Award Generator

2. To Generate an Award Citation, please complete the following steps according to your needs:
 - o Select the model available.
 - o Select the desired award type.

- Fill in the candidate's information and accomplishments.
- Click the **Generate Award Citation** button to receive a detailed citation along with recommendations for enhancement.

The screenshot shows the 'Awards Generator' app interface. On the left is a sidebar with a navigation menu including 'Awards Generator' and 'MY DRAFTS' with three items: 'Team Player - 9/16/2025', 'Employee of the Year - 9/16...', and 'Community Impact - 9/16/2...'. A '+ New Draft' button is at the bottom of the drafts list. The main area is titled 'Awards Generator' with the subtitle 'Generate professional award citations for your nominees.' It contains two dropdown menus: 'Select Model' set to 'GPT-4o' and 'Select Award Type' set to 'Employee of the Year'. Below these is a text box labeled 'Candidate Information' containing a paragraph about Jordan Lee. At the bottom of this section is a red-outlined button labeled 'Generate Award Citation'.

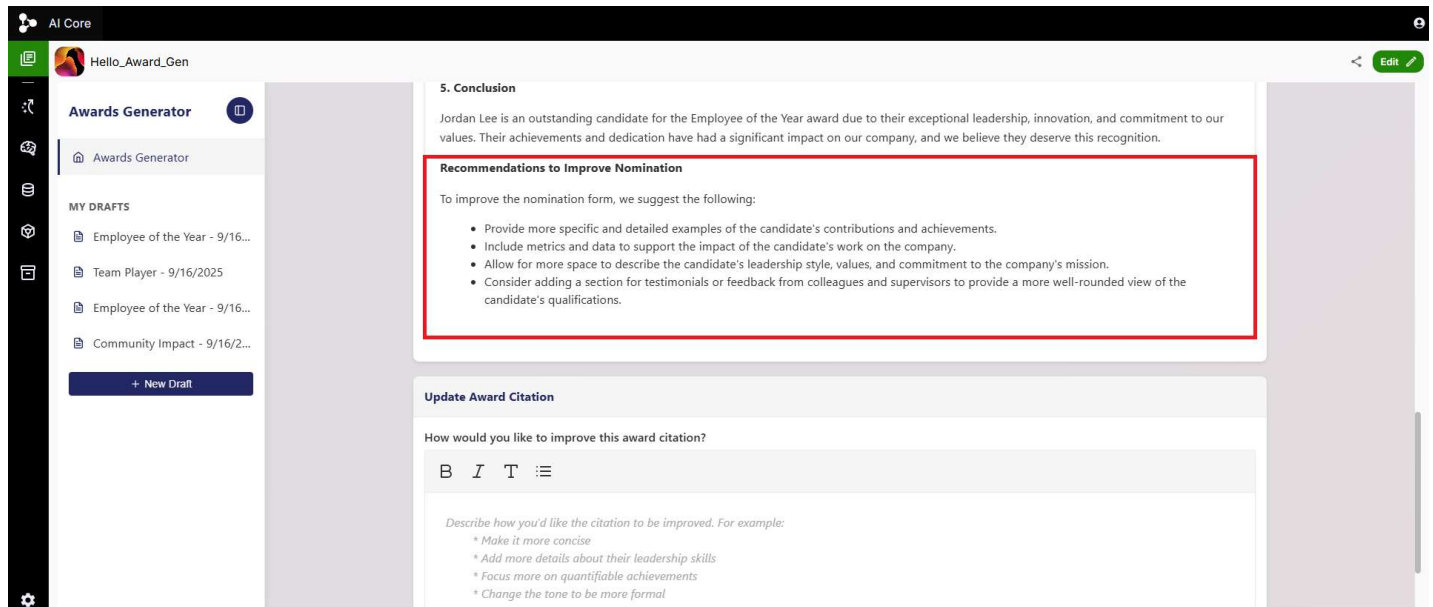

3. You can see that the generated award citation is organized into distinct sections, each highlighting key competitive areas that should be emphasized. These blocks focus on the most important aspects of the nominee's achievements and strengths.

The screenshot shows the detailed generated award citation for the 'Employee of the Year Nomination'. The main content is organized into four sections:

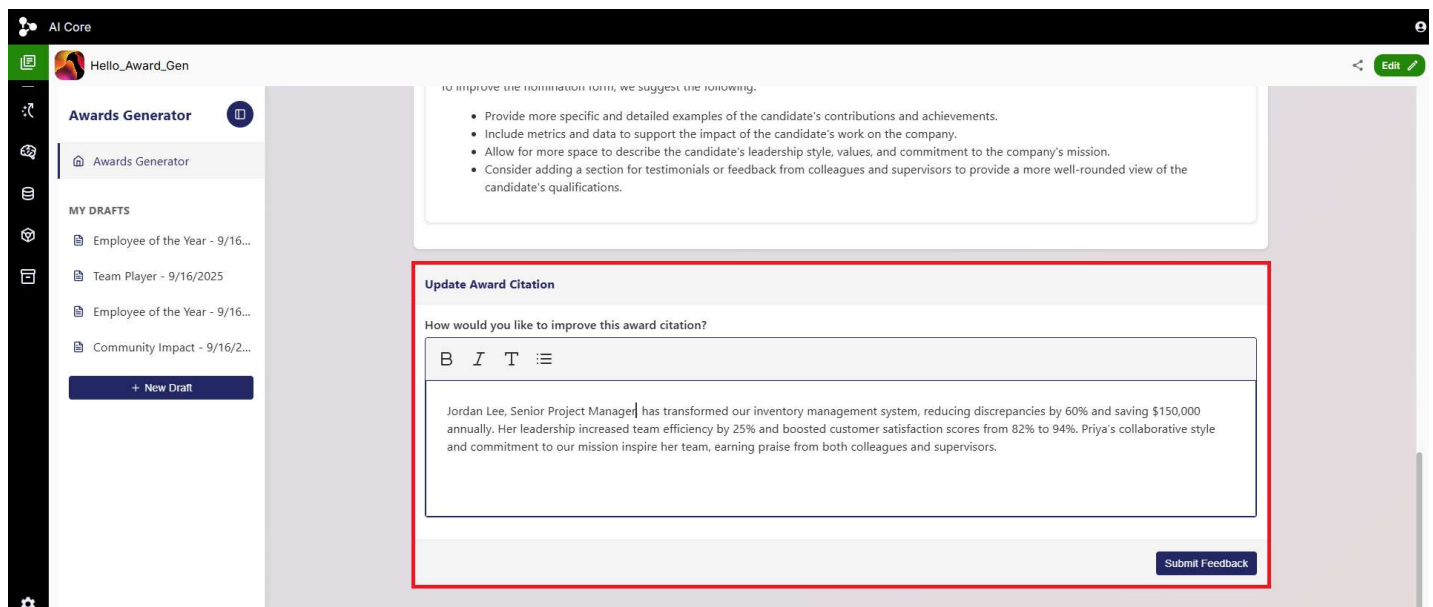

- 1. Introduction**: A paragraph stating the nomination of Jordan Lee for the Employee of the Year award, highlighting his seven years of exceptional service and commitment.
- 2. Key Contributions**: A paragraph stating Jordan's significant contributions, followed by a bulleted list:
 - Providing exceptional leadership and mentorship to junior colleagues, empowering them to take on leadership roles and develop their skills.
 - Successfully leading a major project to early completion, resulting in significant cost savings and enhanced client satisfaction.
 - Demonstrating a strong commitment to community service and workplace inclusion, setting a high standard for all employees to follow.
- 3. Achievements**: A paragraph stating Jordan's achievements and milestones, followed by a bulleted list:
 - Successfully delivering a high-profile project that exceeded client expectations and resulted in a 25% increase in revenue.
 - Developing and implementing a training program for junior colleagues, resulting in a 90% increase in their leadership skills and confidence.
 - Collaborating with cross-functional teams to implement a new project management tool, streamlining processes and improving efficiency by 30%.
- 4. Impact on the Company**: A paragraph stating Jordan's exceptional leadership, innovation, and commitment, followed by a bulleted list:
 - Enhanced client satisfaction and loyalty, resulting in increased revenue and business growth.
 - Developed and empowered junior colleagues, creating a more diverse and inclusive work environment.

 The sidebar on the left is similar to the previous screenshot, showing the 'Awards Generator' app and a list of drafts including 'Employee of the Year - 9/16...', 'Team Player - 9/16/2025', and 'Community Impact - 9/16/2...'.

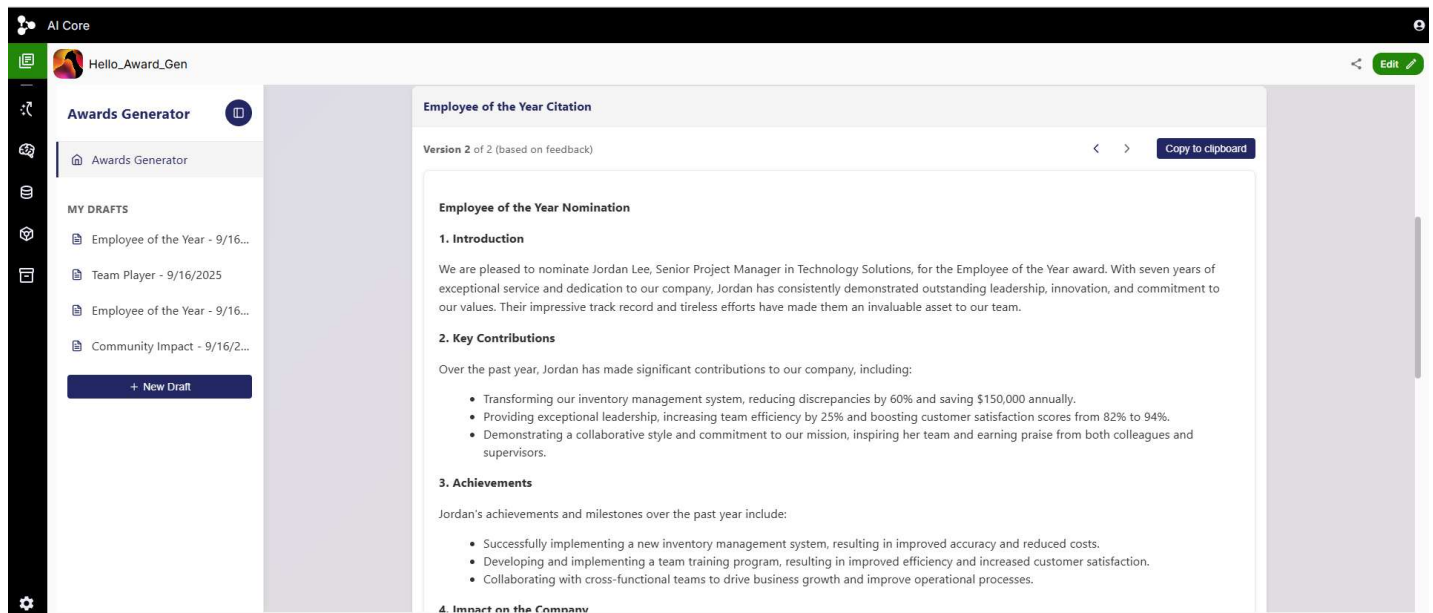

4. The app offers targeted recommendations to help improve the nomination process.

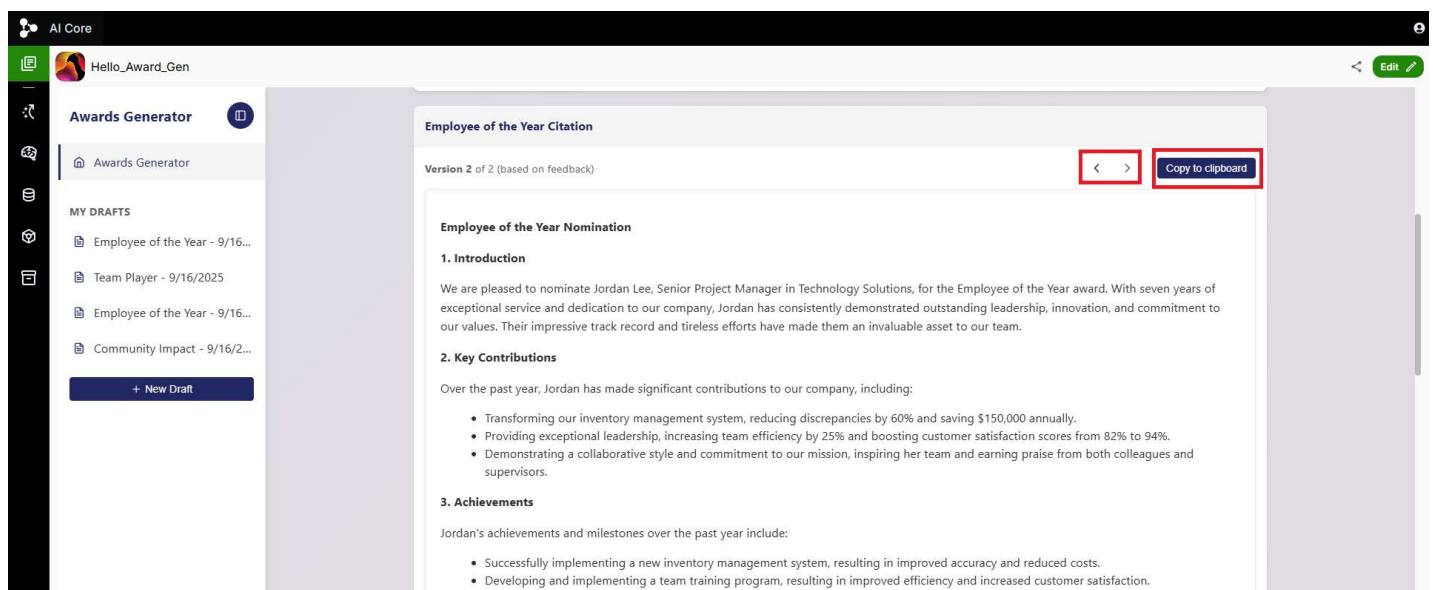

5. You can Update the award citation by including additional information or applying recommendations from the previous citation to improve the citation of the candidate.

6. By adding further details based on the recommendations, you can now view the improved award citation, which incorporates the recommended enhancements to the nomination.

7. You can view both the previous and updated versions of the citation here after incorporating feedback and the citation can be copied using the **Copy to Clipboard** button..

8. All previous drafts can be viewed at any time by navigating to the **Drafts section** , allowing you to easily reference, review, or restore earlier versions of your work whenever needed.

The screenshot displays the 'Awards Generator' interface. On the left, a sidebar contains a 'MY DRAFTS' section with a red border, listing three drafts: 'Employee of the Year - 9/16...', 'Team Player - 9/16/2025', and 'Employee of the Year - 9/16...'. Below these is a '+ New Draft' button. The main content area on the right shows a nomination form for 'Jordan Lee'. It includes sections for '3. Achievements', '4. Impact on the Company', '5. Conclusion', and 'Recommendations to Improve Nomination'. The text is generated by an AI model, as indicated by the 'Hello_Award_Gen' header and the 'AI Core' label in the top left corner.

5. Conclusion

Jordan Lee is an outstanding candidate for the Employee of the Year award due to their exceptional leadership, innovation, and commitment to our values. Their achievements and dedication have had a significant impact on our company, and we believe they deserve this recognition.

Recommendations to Improve Nomination

To improve the nomination form, we suggest the following:

- Provide more specific and detailed examples of the candidate's contributions and achievements.
- Include metrics and data to support the impact of the candidate's work on the company.
- Allow for more space to describe the candidate's leadership style, values, and commitment to the company's mission.
